

PRODUCT SPECIFICATION SHEET

Product	BBZ 9000
Description	BBZ S5 Rubber/Neoprene Safety Wellington with Metatarsal Protection
Collection	BBZ Safety - METZ
Safety Spec	UKCA/CE S5S HRO FO LG SR M CI HI + ESD
Colours	Dark Grey Rubber / hi-vis orange or Black Rubber with grey contrast
Sizes	UK 3-13, EU 37-47

Chemical Splash Resistant testing to EN 13832-2:2018 Type U standard:
- n-Heptane / Sodium Hypochlorite 13% / Hydrogen Peroxide 30%
Rubber toe exceeds the SC testing standard of 8,000 abrasion cycles.

Features & Benefits:

With the launch of the BBZ6000 neoprene/rubber CE/UKCA S5 safety boot in 2008, Buckbootz redefined the humble safety welly. By advancing the design, construction and specification to create BBZ 8000 in 2020 and now adding BBZ 9000 with metatarsal protection, Buckbootz has taken the concept to new horizons and created some of the most sophisticated and advanced safety footwear products on the planet. BBZ 8000 combines high visibility and 360° reflectivity with certified ankle protection in its extensive safety and comfort specification. Now BBZ 9000 does the same with metatarsal protection - plus one major difference. In its design BBZ 9000 incorporates a distinctive sloped collar shape which allows two reinforced pull on lever openings to be built in to the leg stem. Easy to put on, easy to remove thanks to the kick off heel spur and the kind of snug fit which BBZ is renowned for. The reinforced pull on levers withstand a 70kg pull test. That's 140kg per boot - more than Tyson Fury's fighting weight!

Design Status:

- Registered Protection. Designed and Developed by BUCKBOOTZ

Protection:

- Lightweight nano safety toecap (SB)
- Energy absorption of seat region (E)
- Antistatic (A)
- Cleated rubber outsole
- Non-metallic NAIL STOP anti penetration midsole (PS)
- Resistance to hot contact - outsole (HRO)
- Resistance to fuel oil - outsole (FO)
- Ladder Grip - outsole (LG)
- Max slip resistance - outsole (SR)
- Metatarsal Vamp Protection - METZ (M)
- Enhanced Cold and Heat Insulation (CI & HI)
- ESD Class 2 - Dissipative

Extra:

- 360° safety reflective
- 100% Metal free
- Waterproof
- Aerspencer breathable lining
- Signature BBZ pull on levers
- Comfort support insole for all day wear
- Non marking rubber outsole
- Slip in heel support
- Chemical splash resistant properties
- Tested to 2 million continuous flexes
- Lightweight
- Kick off heel spur
- Suitable for Vegans

Upper:

- Rubber with Neoprene

Outsole:

- BBZ Rubber Outsole

Lining:

- Aerspencer breathable lining

EN/UKCA Certification:

- ISO 20345:2022 + A1:2024

Weight (based on size 9):

- 1,335 grams

Sector Use:

- Agriculture
- Construction
- Engineering
- Maintenance
- Trades
- Utilities
- Road and rail contractors
